

CONSENT FORM FOR PLAYERS

As of September 1, 2021*, the vaccine passport will be required to take part in sports activities, in particular training and hockey matches, for players aged 13 and over.

** There is an adaptation period of 14 days, in order to comply with the directive.*

In order to avoid having to validate your vaccine passport before each activity, the minor hockey association / organization _____ wishes to obtain your consent in order to validate your proof of vaccination at the start of the season and to keep the mention "Validated proof of vaccination" in a database.

The latter will be kept only by the minor hockey association/organization and Hockey Québec. Your proof of vaccination will then be protected and accessible only by the administrator/organizer of the activity. It will be kept for the current season (2021-2022) and will under no circumstances be communicated to third parties, sold, or even used for another use without your prior consent.

However, it is important to always have your proof of vaccination in your possession, in the event of validation by the infrastructure, the municipality or another competent authority (eg: Public health) which would require individual validation.

I, the undersigned, _____
(name of the player or his/her parent/guardian) consent to the minor hockey association or organization _____
to keep in its files the mention "Validated proof of vaccination" once the validation has been completed and validated.

I have signed this form freely and with full knowledge of the facts.

Participant's name (block letters) _____

Name of parent/guardian/legal guardian _____
(If the participant is a minor or cannot legally agree)

Signature of participant _____

Signature of parent/guardian/legal guardian _____
(If the participant is a minor or cannot legally agree)
