

Vaccine passport - Starting September 1st

As of September 1, 2021, the vaccine passport is **mandatory** for players 13 years and older.

Vaccine passport verification must be done in person / at the arena via one of the following three recognized methods.

1

Paper format

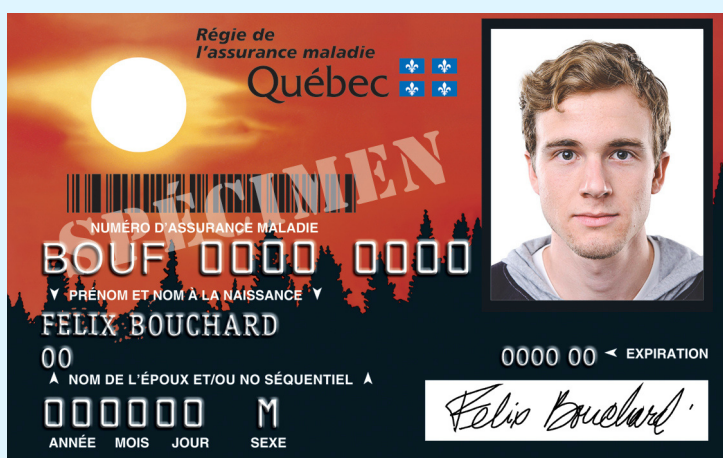

2

PDF format on a mobile device

3

VaxiCode App

***Please note that for all formats, proof of photo identification must be requested.**

Example of proof of identity with photo

VaxiCode App
(For players)

VaxiCode Verif App
(For MHAs/organisations)

Responsibility of the MHA / Organization

The responsibility of our associations / organizations is one of means; they must carry out the implementation of a verification process. They must also proceed with the validation of the vaccine passport.
