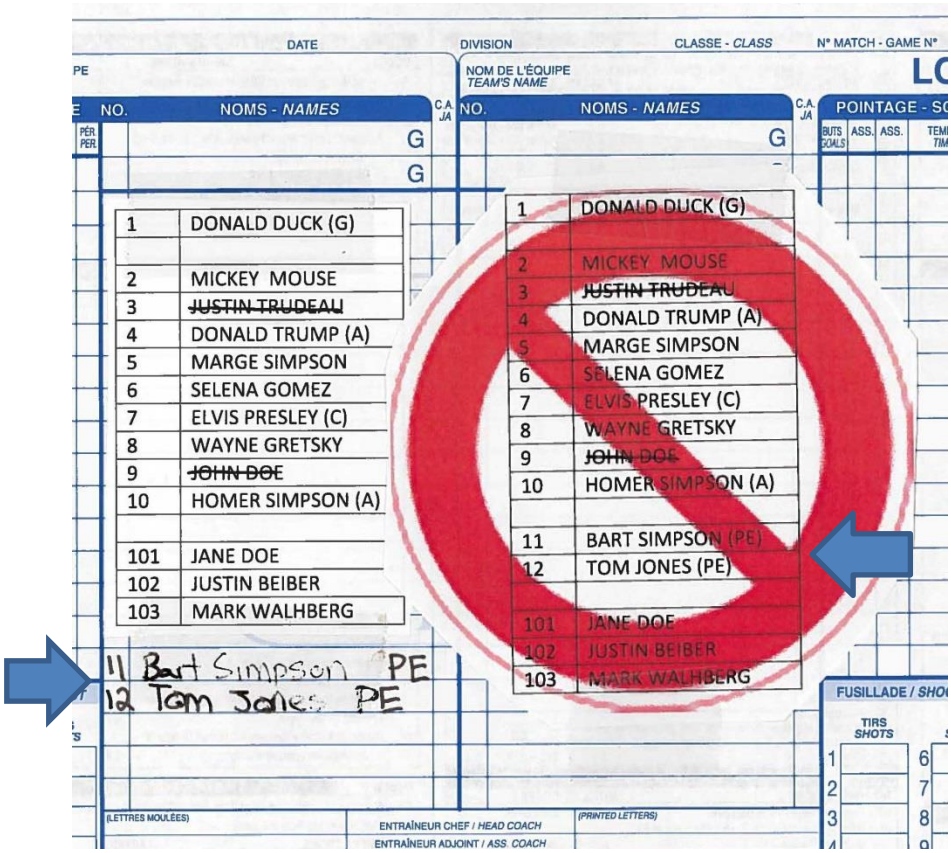
SCORE SHEET LABELS

MEMO

To all EHL Teams:

As we rapidly approach the start of the season, I wanted to remind all teams of certain policies pertaining to score sheet team labels.


1) All teams are required to have a printed label affixed to all 5 parts of a score sheet
2) Teams should not reprint their labels per game. Labels should only be reprinted if a permanent change is required.
3) All team players as well as bench staff need to appear on the printed team label.
4) Call Up players should not appear on your printed team labels
5) Call Up players should be added to the score sheet directly below the printed label by hand with the word PE or JA next to their name.
6) For every call up, a full time player must be crossed off the label.
7) Players or Bench Staff who are not present for the game should be crossed off.
